

Do you face limited time and a multitude of responsibilities?

If you do let me assure you, you have come to the right place.

Together with Educanda's dedicated team of Occupational Therapists and Early Childhood Development Specialists, I have developed a wide range of SACE accredited workshops to offer you theoretical and more importantly practical support in the most common teaching challenges across the African continent.

I encourage you to read the following content carefully and book the workshops as soon as possible, since the trainers schedule fill up very quickly.

All you need to do?

Invite us to your school and **gain 25% off** and benefit from in-house training at your very own school. All we need help with is a venue (e.g. classroom) and a minimum of 10 attendees. For more info turn to page 3. If you have any questions, pop me an email on workshops@educanda.co.za or call on 0800 86 96 73.

Stay inspired

Rachel Carey
Occupational Therapist

P.S. if you have no time for face to face workshops, why don't you sign up for the HELD online workshops on Visual Perception and Fine Motor Development? ?

Go to www.educanda.co.za/education.workshops.online to find out just how easy it is or call the team for free on 0800 86 96 73 or email workshops@educanda.co.za

Strategies around Learning Challenges in Foundation Phase

Offers clear intervention strategies and identifies learners with a wide range of learning challenges. You will discover how to differentiate between a learner that is struggling due to an underlying learning problem as opposed to poor scholastic performance, due to an intellectual problem.

Strategies to improve Fine Motor Skills in the Early Years

Gain understanding of how fine motor skills develop and how you can include activities in your classroom that really help your learners. This workshop will enable you to prioritize the most important fine motor activities for your learners. It will ensure you send them on to the next grade with better skills.

Don't miss out!
Essential Development milestone from Pre-school up to Foundation Phase

Strategies to support learners with poor Visual Perception

Do you also have a couple of learners that seem to need constant support? These learners are at risk of having poorly developed visual perception skills. This workshop will enable you to assess visual perception challenges and implement strategies to support your learners.

Over 500 Teachers completed this workshop already

Strategies for improving Handwriting

Are you struggling to read what your learners have written? This workshop identifies a variety of handwriting challenges and offers clear strategies on how to improve poor handwriting. This workshop will help you understand the pre-writing skills and how you can be a positive influence on the handwriting of your learners.

Strategies to ensure Sensory Rich teaching

As a preschool or Foundation Phase Teacher, how do you deal with tantrums, emotional meltdowns and some of your learners' refusal to take part in activities? Discover how to create a Sensory Rich Learning environment and tackle different levels of sensory thresholds in this workshop.

Strategies to use your LTSM to teach CAPS

As a Foundation Phase Teacher, do you run out of time on a daily basis because of the demands of the CAPS curriculum? In this workshop, you will discover how to save 30 minutes per day by using Learning Teaching Support Material across subjects.

Introduction to the Curriculum of the 0 to 4 year old child

This 2 day workshop will enable any Early Childhood Development Practitioner, Educator and/or Caregiver, to implement the aims of the South African National Curriculum Framework (NCF) and the linked Early Development Learning Areas (ELDA's) for children from birth to 4 years in an established or new Nursery School, Day care Centre or Pre-Primary School. You will discover how to support and stimulate the development of the 0-4 year olds.

Popular choice among Educators, Pre-schools and Kindergartens

Strategies when using Puppets and Pretend Clothes in the classroom

Do you wonder how to manage classroom behavior effectively and professionally? This workshop will enable you to get your learners' attention immediately and have golden moments in your class with spontaneous participation from EVERY learner.

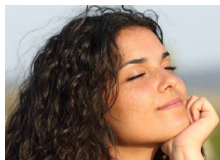

Intro to Mindfulness for Educators

Discover how to navigate the stressors of your classroom more mindfully with this Introductory 3.5 hours workshop. Experience teaching with a sense of clarity, inspiration and creativity without adding any more work to your already demanding workload.

Are you beyond stressed and considering to stop Teaching? Have this workshop at your school

Mindfulness for Educators

This Mindfulness for Educators workshop is a 12 hours course designed for Educators and Health Professionals within the school environment. It can be taught over multiple days. You will learn mindfulness practices and exercises to regulate your nervous system. You will discover how to develop focus and concentration and to cultivate your natural capacity to care for yourself. Great for team-building purposes!

Recommended for Team-building at the start or end of your school year!

Using Movement to teach Mathematical Concepts

Children's development of number concepts is crucial and lays the foundation for Mathematics throughout their life. If you place this within the South African context of having to teach learners in their second language, truly grasping the Maths foundations can be challenging. This workshop offers teachers the tools to build learners' Maths knowledge foundations in a fun way by using movement.

A Health Practitioners' Guide to CAPS

Are you an Occupational Therapist, Physiotherapist, Speech & Language Therapist, Single Medium Therapist, Psychologist or Communication Pathologist working with school going clients and unfamiliar with CAPS? This workshop will give you all the knowledge you need and will ensure you are able to understand the referral in the context of your specialized field.

Attention Preschool, Foundation & Intermediate Phase Teachers

How do the workshops work?

1. Invite us to your school and gain 25% off on your workshop tickets
We only need a little help with a venue (e.g. classroom) and a minimum of 10 attendees.

Simply turn the page, complete your contact details and go to step 2 and complete the following information and return the form to us.

- * Pick your favourite topic(s)
- * Pick your favourite date and duration
- * Confirm your number of attendees

2. Join the scheduled workshops in Cape Town and Gauteng

Simply turn the page, complete your contact details and go to step 1 and tick your favourite topic(s), indicate your location (Cape Town or Gauteng), the number of attendees and return the form to us.

3. If you have no time, choose the online workshops on Visual Perception and Fine Motor Development

Simply turn the page, complete your contact details and choose one or both online workshops via the tick boxes in the contact details field and return the form to us.

- * Save 25% on Training and Development
 - * 3 hrs workshops are worth 5 CPTD points and instead of paying R499.99 p.p. you will only pay R374.99 p.p.
 - * 5 hrs workshops are worth up to 10 CPTD points and instead of paying R699.99 p.p. you will only pay R524.99 p.p.
 - * Full day workshops are worth up to 15 CPTD points and instead of paying R999.99 p.p. you will only pay R749.99 p.p.
- * No need to travel
- * In-house training in your very own school
- * Alleviate school specific issues through your favourite workshop topic(s)

What you will gain

Through Educanda's workshops you will improve your skills & confidence as a teacher and:

1. Identify the key developmental milestones in your learners.
2. Avoid frustration through early identification of learners with developmental delays.
3. Give accurate information to parents on possible reasons for poor school progress.
4. Manage classroom behaviour effectively and professionally.
5. Get the best out of your learners.
6. Become respected among your peers.
7. Stand a better chance for promotion.
8. Be inspired to remain in teaching.

Testimonials

"The workshop was very informative. The facilitator was able to interact with everyone and gave examples of how to remedy other situations we face at school"

Veronica Ditlopo, rekgonne Bapo Special School, Gauteng, 02.02.2017

"Found the workshop very helpful, enjoyed it very much. Can relate and also apply what I've learned"

Allegra Fionne Walters, Ark Educational Centre, East London, 22.02.2017
